Profile

A results-oriented Netcentric Computing graduate who developed a full-stack "Student's Vehicle NFC Sticker Recognition System" using Laravel and JavaScript. My practical experience is further strengthened by a recent internship where I contributed to software testing, technical support, and documentation. I offer a proven blend of development and user-focused problem-solving skills to help deliver high-quality software.

Education

03/2023 – 06/2025 Arau, Malaysia	**BACHELOR OF COMPUTER SCIENCE (HONS.) NETCENTRIC COMPUTING** *UITM Arau* • MUET: Band 4. • CGPA: 3.49/4.0. • Dean's List (Sem 4, 5 & 6).
